

The Canton Park Commission Living Tree program offers you the opportunity to remember loved ones by having a tree planted in the parks and placing a commemorative brass leaf plaque on the bronze “Living Tree” located in the Canton Garden Center. The cost varies by your choice of tree and includes installation, proper care/maintenance, and one engraved brass leaf.

All trees will be planted in the fall of each year.

For Park locations as well as additional donor options including park benches and memorial bricks, please see our website.
